Brittany Miranda Lee

Scholarship Application

Brittany was a 2015 graduate of Holmes County High School and began nursing school shortly after graduation. She graduated as LPN in July 2016 and began her career at Bonifay Nursing and Rehabilitation Center. Brittany cared deeply for her residents at BNRC and strived to provide them with excellent care and compassion. Her residents were like family to her, and she grew to love them dearly, along with their families.

Brittany was diagnosed with Type 1 Diabetes and Hashimoto's Disease; both autoimmune diseases wreak havoc on a person that no one can see on the outside. Due to the toll that these diseases took on her, she passed from this life and went to be with our Lord in heaven on August 19, 2025, at the young age of 28.

Brittany loved her family and her Jeep (Bandit) along with all her animals and reptiles. She had a zest for life and enjoyed the simple things with family. We hope that this scholarship will help someone who has a similar zest for life and compassion that they can show to the patients and families they will care for when they venture into their career of nursing.
